

# MASTERPICE

## MISSION CHALLENGE

**OCTOBER 21 – NOVEMBER 17**

The WMCHHealth **Masterpiece Mission Challenge** starts **October 21!**

During this challenge, participants virtually travel the globe to see four of the most visited paintings in the world. They will say hi to the Mona Lisa in Paris, check out The Scream in Oslo, take in The Starry Night in New York, and admire Girl with a Pearl Earring in The Hague! In addition to learning about a new masterpiece each week, participants will uncover fun facts and tips for staying active and healthy while taking in the sights at each city where these famous paintings reside.

For each of the four weeks during the challenge, participants earn Wellable Points to virtually travel to different museums and view unique works of art. To admire each piece of artwork, they must achieve or exceed the level of Wellable points associated with each week's painting.

**ALREADY A WELLABLE MEMBER,
